Prairie View, Texas

ANNUAL INSTITUTIONAL REPORT FOR THE

DEPARTMENT OF MEN

September 1, 1974 to May 31, 1975

In keeping with the philosophy of the Student Personnel Services, in agreement with the university, emphasis is placed on educating the individual as a whole, recognizing that academic instruction does not define the boundaries of a college education. Therefore, the primary objective of the Department of Men for the period indicated above was to create an environment so that every man enrolled at the university would have an opportunity to develop his greatest potential spiritually, emotionally and physically as well as intellectually.

We, in an effort to approach this infinite realization established the following goals:

1. Providing clean and orderly living quarters that are conducive to study.
2. Assisting the students in their efforts, to make a complete adjustment to college life.
3. Assisting in the orientation to college life and the self development of each student to the end that each will understand and evaluate his own purpose for being in college.
4. Developing in each student a sense of individual responsibility and self discipline in

learning to control individual lives and actions.

5. To provide through student organizations and opportunity to practice democratic living.
6. Providing and atmosphere of warmth, high morale and loyalty toward the residence hall and the university.
7. Providing police protection to life and property 24 hours a day.
8. Provide fire protection and ambulance services for the college community 24 hours a day.

The objectives used to achieve these results were many and varied.

A few of these are listed below:

1. Improving the living quarters to the extent of available funds.
2. Continuing to encourage wholesome living and good study habits in all of the Men's Residence Halls.
3. Working with the individual student in his efforts to find his rightful place in this society.
4. Encouraging an attitude of self discipline and self respect on the part of each student.
5. Establishing procedures to provide reasonable security throughout the day and night.
6. Registration of vehicles operated by faculty, staff and students.

The Department of Men is operated through the combined services of fifty-six (56) Junior Fellows, two (2) fulltime and four (4) part-time Residence Hall Managers, thirty-one (31) Junior Managers, ten (10) fulltime Custodians, nine (9) Junior Custodians, a Secretary, a

Director of Security, nine (9) Security Officers, one (1) Meter Maid, one (1) Fire Chief, one (1) Assistant Fire Chief, eight (8) part-time Firemen, one (1) Head Senior Fellow and three (3) Senior Fellows, a Dean of Men and three (3) student assistants.

During the month of June 1975 three (3) additional female employees were added to Security Staff to work exclusively in the women residence halls to detour activities which were in conflict with rules and regulations of the university. These ladies are to attend work-shops and law-enforcement schools to become proficient security personnel. In addition, they will dress in uniforms while on duty.

The Junior Fellow is primarily responsible for the students assigned to him; (twenty or thirty students). As a person most familiar with the student, and closest in many ways, the Junior Fellow is a ready resource for discussion of any matter of interest or concern to the student. He will refer personal, social and academic problems of a more serious nature to the Senior Fellow, who is a trained Certified Counselor.

The Senior Fellow works with the students in assisting them in making appropriate plans and decision which enables him to reap the greatest benefits from his life and activities on campus, within the residence halls and future plans. The Senior Fellow worked closely with the Counseling and Testing Center and sought to render

service on professional basis to students with normal emotional, personal, social, and academic problems. Where extreme therapeutic service is necessary, the Senior Fellow makes the appropriate referrals.

The Junior Managers are responsible for obtaining and sorting mail, checking the Security Officer's Clocks and stations and assisting generally with the responsibilities of the office to which he is assigned.

Custodians are responsible for the sanitary conditions of the public areas in each residence hall, such as toilets, showers, washrooms, halls, stairways, and immediate areas around each building.

The Academic Fellow, or Faculty Advisor will:

- a. Advise and assist the student in selecting an appropriate course of study.
- b. Work with the residence hall Junior and Senior Fellows in planning with the student his academic, cultural and physical activities.
- c. Assist in the residence hall Tutoring Program.

The Dean of Men is responsible for the overall organization and for the supervision of the Residence Hall for Men, Senior Fellows, Chief of Security and Campus Security, Fire Chief and Fire Protection. The Assistant to the Dean of Men and Secretary assist him with these responsibilities.

The housing policy for the 1974-75 school year was unchanged and is as follows: "All students who enroll

at the college will be expected to live in the college residence halls and eat in the college dining hall."

Exceptions to this regulation are as follows:

1. A student who lives at his permanent residence which is within a radius of 28 miles of the college.
2. A student who is married and lives with his family within 28 miles of the college.
3. Graduate students.
4. Those who are veterans and those students who are 25 years of age or older.
5. After all spaces in the resident halls are filled, students may be permitted to live in homes, approved by the university. This exception is a privilege to be awarded by the university on the basis of individual merit of the student.

Our projection of occupancy for the Alexander Complex fell short of expectations, thus, causing some budgetary concerns for the 1974-75 school year. However, the projection for the Fuller and Holley Complexes exceeded expectations.

During this period 1,348 male students resided in the residence halls during the first semester, 1,130, the second semester 578, day student cards were issued the first semester, 608, this represents a small increase in occupancy over last year.

No major rehabilitation projects were programmed during the 1974-75 school year. This left several conditions existing, which if corrected, would have added to the desired improvement in the living conditions for

male students housed in the residence halls at Prairie View A&M University. This was especially true of the Fuller Complex, which is in bad need of rehabilitation.

The general maintenance work on all buildings in the department was kept at a higher level than previously, but complete satisfaction was not realized because of a very limited budget. Emergency problems were given priority and every effort was made to obtain average conditions at all times.

The Dean of Men served on the following committees as indicated below during the 1974-75 school year.

Freshmen Orientation	Member
Accident Prevention	Member
Admission, Registration, Graduation	Member
Fire Prevention and Control	Member
Athletics	Member

MEN'S WEEK 1974-75

April 13-19, 1975

The Department of men sponsored Men's Week by beginning the activities with Religious Worship on Sunday, April 13, 1975, with the Reverend McGee as speaker of the hour. Our theme for the occasion was " The Unity of Brotherhood as Exemplified by the Prairie View Man." It was with this theme in mind that we developed a very enriching five (5) day program. All five (5) days of activities were free for all students on campus.

We extend special thanks and appreciation to Mr. Carl Moore and the Corp of Male Junior Fellows for their dedicated efforts in making the program a success. The Director of Residence Halls and Senior Fellows of the Alexander and Fuller Complexes also made outstanding contributions to the program.

The Department of Men owe a debt of gratitude to Dr. A. I. Thomas, President, and Dean Vernon R. Black, Dean of Students, for their support, cooperation and participation in the program.

P R O C L A M A T I O N

By virtue of the authority vested in me as President of Prairie View A&M University, I am pleased to proclaim April 13 to April 19, 1975 as:

M E N ' S W E E K

The purposes of the week are:

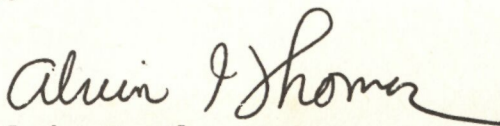

1. To emphasize the Men's Week Theme for the 1974-75 School Year: THE UNITY OF BROTHERHOOD AS EXEMPLIFIED BY THE PRAIRIE VIEW MEN.
2. To establish an absolute focus on male attainment of scholarship of superior quality.
3. To assist in developing leadership qualities that will serve as the foundation for the emergence of new ideas, new hopes and new aspirations.
4. To recognize individual male students for their noteworthy achievements.
5. To dedicate the work to all male students and faculty members as we strive to attain the "Unity of Brotherhood".
6. To project the image of the Prairie View Man through: FRATERNITY, FRIENDLINESS, HONESTY, SCHOLARSHIP, CLEANLINESS, HEALTH, RESPECT, RESPONSIBILITY, SERVICE, REVERENCE TO A SUPREME BEING.

We are asking each male student and male residence hall to give full support to the pursuit of brotherhood.

We are also asking the Department of Men at the University to plan appropriate activities for this week involving maximum student effort.

On Thursday, April 17, 1975 a major University Convocation will take place in the Health and Physical Education Building.

We ask your full cooperation in helping to make this celebration a highlight of the School Year.

Alvin I. Thomas
President

Presented to

_____ ANNUAL
IN RECOGNITION OF PARTICIPATION IN THE UNIVERSITY'S
MEN'S WEEK PROGRAM.

Given this _____ Day

of _____, 19 ____.

Dean of Men

Both Slaughter and Phillips were enrolled at the university during the time of the incident and in good standing.

An investigation revealed that acts of disorderly conduct (a fight) occurred immediately following an activity (dance) which was sponsored by a University Fraternity. Phillips and several of his associates became involved with a fellow student, Carlease Collins SS# 561-21-1986, who was harassed and abused in the Memorial Center near the information desk. As persons attending the activity begin to exit the disturbance resumed which led to a confrontation between Phillips and Slaughter and the firing of the shot which claimed the life of Phillips.

It is alleged that the shot was fired from a 25 automatic pistol (weapon not recovered) belonging to Slaughter. It is further alleged that he obtained the pistol from the home of his parents in Dallas, Texas, (3442 Silver Hill Drive). Slaughter, a Vietnam Veteran, was first admitted to the university during the 1971-72 school year, he was readmitted for the 1974-75 school year beginning in September.

The incident was referred to the Waller County Grand Jury for disposition.

"DISRUPTION OF A BASKETBALL GAME AND INJURY OF A STUDENT BY PISTOL SHOT"

On Monday Night, February 17, 1975, at approximately

9:45 p.m. an incident occurred in the fieldhouse at a basketball game which cause the game to disrupt and a student wounded from a pistol shot alleged to have been fired by a supporter of the visiting team. The game was played between Bishop College of Dallas, Tex. and Prairie View A&M University.

With approximately 1 minute and 45 seconds remaining in the game an official called a foul on a Bishop Player. The Bishop Player and a Prairie View Player "squared off" as if to fight and was ejected from the game. As a result of the official's decision several Bishop Supporters jumped the rail onto the floor. Security Officers, The Dean of Men and the Dean of Students rushed to the area and managed to keep the two groups apart, however, several reserve signs and chairs were thrown. This disruption had subsided when shots were fired in the South East Bleacher Area causing three-thousand plus fans to rush for the exits. A scuffle between two male persons was observed in the area where the shots were fired and a 32 cal. pistol was thrown onto the floor where it was recovered by the Dean of Men.

It developed that Alfred Johnson SS# 456-82-0552, a (Prairie View Student) had been shot in the lower abdomen following the shot he ran from the gym unescorted. He was picked up by the University Ambulance taken to the Waller County Hospital and Ben Taub in Houston, Tex.

Johnson was shot with a 32 cal. Kinnel Industries

Model 5000 Revolver, Serial #G-44692, which was in possession of Larry Vaughn, of Dallas, Texas.

The incident and all information pertaining there-to has been referred to the Waller County Grand Jury.

PRAIRIE VIEW A&M UNIVERSITY

PRAIRIE VIEW, TEXAS

ANNUAL INSTITUTIONAL REPORT

FOR CAMPUS SECURITY

JUNE 1974 - MAY 31, 1975

The Security Department personnel at Prairie View A&M University consists of one(1) Chief, nine(9) uniformed Security Officers. All officers are bonded and all commissioned except two(2).

Two(2) Campus Security Officers are not certified, however two (2) officers are schedule to attend Police Training School in the near future.

In compliance with Texas Senate Bill 162, Prairie View A&M University regulations and Policies, each Campus Officer is primarily responsible for enforcing these regulations and polices. They are also responsible for providing protection for the safety and welfare of the students and employees on Campus, prohibiting tresspassing and damage to property, regulating and controlling traffic, and parking on Campus are also duties of each Security Officer.

The following are implicit in the protection of the Campus population:

1. Security Officers patrol all Campus areas by vehicle and foot: patrol.
2. Check to see that all buildings are secured during the night.
3. Be especially watchful at night for fires.
4. Man each check point entrance to the Campus during the day and night.
5. Enforce Campus rules and regulations.
6. Provide security personnel for all social events.

7. Provide law enforcement (Investigate accidents, burglary, theft, issue traffic violation citations, regulate and control traffic and parking).
8. Officers in the Security Department provide police protection twentyfour hours a day.

VEHICLES ASSIGNED

The Security Department has seven(7) vehicles, one(1) Chevorlet, 1968, Lic. No. 143-871, two(2) Plymouths, 1974, Lic. No. 241-798, 241-799, one(1) Ford Econoline Club Wagon, 1971, Lic. No. 185-167, one(1) Chevrolet Truck 1½ ton Wrecker, 1970, Lic. No. 183-761, two(2) Plymouths, 1970, Lic. No. 183-674, 183-675.

PEACE OFFICERS PRESENTLY ASSIGNED TO THE SECURITY DEPARTMENT

Burditt, Willie	Manuel, James C.
Evans, Mary (Mrs.)	Vanduren, Elmer
Glover, Howard	Webster, Richard D.
Jeffery, Harold	Lewis, John L.
Stewart, Donald R.	Davis, Curtis H.

SECURITY OFFICERS WHO RESIGNED SINCE JUNE, 1974:

Jeffery, Bobby J.

UNIFORMS

The Security Department at Prairie View A&M University furnished this additional portion of the Security Uniforms for each officer since June, 1974.

<u>TROUSERS</u>		<u>SKIRTS (For lady officer)</u>	
Navy blue tailored	3 pr. ea.	Navy blue	2
<u>SHIRTS</u>		<u>CAPS</u>	
Long sleeve light blue	2 ea.	Wave Hat (For lady officer) (White w/ Navy brim)	1
<u>JACKETS w/ LINER</u>		Cap covers, white	2
Navy blue	1 ea.	<u>NECKTIES</u>	
		Uniform black	2

OFFICE

The Campus Security Office is located on 5th Street in the Fire Station and Campus Security Building West of Banks Hall. (Phone Number 857-4823).

OFFICE PERSONNEL

1. Moore, Geneva (Mrs.), Steno.

STUDENT ASSISTANT

One(1) student (Male) is currently employed to assist in cleaning of security vehicles.

One(1) student (Female) is currently employed to assist in office work.

TRAFFIC CITATIONS ISSUED

Justice of the Peace Court	27
Campus	3000
Campus Vehicle Accidents	14
Auto Theft	11
Unauthorized Vehicles Impounded on Campus	10
Vehicles abandoned on Campus	6

CRIMES REPORTED

Burglary-Thefts	48
Vandalism	3
Arrest with warrant	26
Arrest without warrant	8

PATROL VEHICLE EQUIPMENT

The Security Department request that the Security Dept. office be equipped with the following for emergency purposes:

Fire extinguisher
 Helmet-Riot control and shield

Baton
Medical First-Aid cabinet
Seventeen man capacity
Police Billies
Twelve gauge shotgun
Camera
Burglary Squad Kit

NEW EQUIPMENT RECEIVED SINCE JUNE, 1974

The Security Department received two(2) Electro Hand Scanning Units, Ser. No. 3943, PVU. 52584 - Ser. No. 3944, PVU. 52585.

RADIO COMMUNICATIONS

The Security Department request that a two-way base radio station be installed in the Security Office. This station would provide expedient and immediate contact to mobile units patrolling the campus and with Walkie-Talkie sets carried by foot patrol in the vicinity of the campus.

ADDITIONAL RADIO COMMUNICATION

The Security Department at Prairie View A&M University recommends that our present patrol vehicle radio communication equipment be equipped with dual channels with their own frequency and that of the Waller County Sheriff's Office, Hempstead, Texas. These units would monitor both frequencies at the same time. They could also select the frequency to use added frequencies which could put Security Officers in contact with the Department of Public Safety Highway-Patrolmen and Campus Fire Department.

This would give us a larger number of units to obtain for assistance when needed.

Telephone installation in one Patrol Car would put all departments in direct contact with Security. This device would also aid in saving time.

It has been recommended by several Colleges and Universities that operating their units with the Fire Department has added several more pair of eyes and ears to assist them with their patrol in calling in valuable information.

President A. I. Thomas, Lieutenant Colonel Vernon R. Black (Dean of Students), Mr. Leroy Marion (Dean of Men), Mr. Arlie E. LeBeaux (Superintendent of Maintenance Department), and Mr. Harold Perkins (Superintendent of Building and Grounds) are to be commended for their outstanding contributions toward the development and establishment of the program.

The Security Department's ambition is to strive for better enforcement of these policies for the coming school years.

RECOMMENDATIONS

The Security Department recommends that additional Campus Security Officers be hired to fulfill existing vacancies created in the department.

It is felt that if additional persons were hired, it would provide better efficient security for the campus.

PATROL CARS

The Security Department at Prairie View A&M University recommends that one of our present new 1974 patrol cars radio communication equipment be equipped with dual channels with their own frequency and that of the Waller County Sheriff's Office, Hempstead, Texas and the Department of Public Safety.

Both new 1974 patrol cars has been equipped with Twin Beacon Ray Emergency Warning Lights and Mobile Combination Siren, Public Address and Radio Amplifier.

MARKING OF NEW PATROL CARS

Both patrol cars, 1974 Plymouths, Lic. No. 241-798, 241-799 has been marked. The marking reads as follows:

TEXAS

PRAIRIE VIEW A&M UNIVERSITY

SECURITY DEPT.

Markings on other vehicles were changed from Prairie View A&M College to Prairie View A&M University.

VEHICLE OPERATION PROCEDURES IN CASE OF GASOLINE RATION:

DAY PATROL

1. Should consist of one(1) vehicle, Monday thru Friday.
2. Security Officer on duty Saturday and Sunday should remain at the Security Office from 8:00 A.M. to 5:00 P.M., answer calls from the Office and make periodic rounds of campus.

NIGHT PATROL

1. Two(2) patrol vehicles should be used in connection with Foot Patrol (Radio) from 5:00 P.M. to 1:00 A.M. Vehicles should be parked at each entrance to campus and make periodic rounds of the campus.
2. From 2:00 A.M. to 8:00 A.M., one(1) vehicle should be used. Instead of continuing to circle the campus, vehicles should move from one remote area to another for the purpose of observing and protecting campus.
3. Patrol vehicles should discontinue bus service, taking persons to or from bus station, except in a case of emergency.
4. Vehicle engines should be turned off when vehicle is standing or Officer is out of car.

INCLIMATE WEATHER

During inclimate weather, two or more vehicles could be used. By making periodic patrols of campus and stationing cars at various points for observation purpose.

PROCEDURES

1. All vehicles must be properly dispatched from Security Office.
2. Motors should be tuned and in good running condition at all times to conserve gasoline.
3. Off campus dispatch vehicles should not exceed 55 MPH.
4. All gas lock keys for patrol vehicles will be kept in main office.
5. Vehicles will not be used for personal use.
6. All vehicles should operate to minimize gasoline consumption and still perform required state services.

STUDENT EMPLOYED FOR CARE AND UP-KEEP OF SECURITY VEHICLES, DUTIES ARE AS FOLLOWERS:

1. Check water, oil and lights daily.
2. Check windshield wipers and brakes.
3. Check battery, tires, and interior.
4. Gas vehicles daily if tank is less than 3/4 full.
5. Wash vehicles as needed.
6. Polish and wax vehicles once each month.
7. See that gas caps are locked at all times.

In addition to the up-keep of vehicles, he is to assist Security Officers in any other duties as needed.

TRAFFIC INFORMATION SIGNS ON CAMPUS

All traffic signs wornout through fair wear and tear, or damaged by vehicles or individuals has been replaced with new signs or repaired.

THE FOLLOWING SIGNS ARE REQUESTED

These signs are to be used in newly constructed areas, replacement of damaged signs on campus. Also to be used on special occasions on campus.

Eight(8) NO PARKING
 Eight(8) PARKING
 Eight(8) ENTRANCE ONLY
 Ten(10) IN
 Ten(10) OUT
 Ten(10) RESERVED FOR VISITORS
 Ten(10) ARROW SIGNS(LEFT)
 Fifteen(15) ARROW SIGNS(RIGHT)
 Two(2) YIELD
 Ten(10) SPEED LIMIT 20 MPH
 Five(5) NO BICYCLES
 Ten(10) NO PARKING IN DRIVEWAY

PRESENT GASOLINE CONSUMPTION

Estimated gasoline consumed per week for four(4) patrol vehicles is 180 to 190 gallons. It is felt that with this procedure in operation, gasoline consumption could be cut considerably.

PRAIRIE VIEW A&M UNIVERSITY
Prairie View, Texas 77445

Office of
Campus Security

NOTICE: MOTOR VEHICLE REGISTRATION, TRAFFIC AND PARKING REGULATIONS.

Paragraph E Sec. 5: Prairie View A&M University Motor Vehicle
traffic and parking regulations.

- (a) All vehicles owned and operated or parked on the campus at any time by students, faculty or staff, must be registered in the office of the Campus Security.
- (b) The registration sticker must be displayed on the car and affixed on the lower right corner of the windshield.
- (c) The University reserves the right to issue a citation, remove, immobilize or impound any vehicle operated or parked in violation of the University regulations.

TRAFFIC AND PARKING REGULATIONS

THE FOLLOWING PARKING LOTS ARE AUTHORIZED FOR STUDENT PARKING.

- 3. On grassed area or walk ways.
- 4. In rear of Holley and Alexander Hall.
- 5. Blocking of trash bends.

NOTE: In case of an accident please call Campus Security, 857-4823,
located on the West end of 5th Street.

PRAIRIE VIEW AGRICULTURAL AND MECHANICAL UNIVERSITY

PRAIRIE VIEW, TEXAS

PRAIRIE VIEW FIRE DEPARTMENT

ANNUAL REPORT FOR

FIRE DEPARTMENT

(1974-1975)

The Fire Department, personnel at Prairie View A&M University consist of one fire chief, one assistant fire chief and ten student assistants. One female student helps in the office. Nine male students help take care of all fire equipment, answer all fire calls, answer all ambulance calls and keep the building clean inside and outside.

During the regular session of school, we have a training class once a month. During the summer session, the training class changed to twice a week. Students attended the Firemen Training School at Texas A&M University, from July 20-25.

EQUIPMENT

The Fire Department has five pieces of equipment. We have three fire trucks, one pickup truck, and one ambulance.

REPAIRS ON EQUIPMENT

EQUIPMENT

REPAIRMENTS

American La France

(Minor Repairs)

Ford Truck

(Minor Repairs)
Readjustment of breaks
tune up, replacement of
battery.

Chevrolet

Replacement of battery,
readjustment of brakes,
tune up.

International Truck

(Major Repairs)
tune up.

OTHER EQUIPMENT

Other equipment includes fire extinguishers, boots, coats, fire hose, nozzles and utility wrenches.

FURNITURE

The Furniture consist of two desk, nineteen chairs, five beds and two tables.

AMBULANCE EMERGENCY CALLS

In the past year, the Fire Department has made about one-hundred ~~sixty~~ (160) calls. We also received about ten (10) false alarms.

FIRE CALLS

We had sixty-eight (68) fire calls. Some of the fires were grass fires, building fires, and automobile fires. We also received twelve (12) false alarms.

FIRE EXTINGUISHERS

We have a total of 304 fire extinguishers, which includes:

- 23 Carbon Dioxide Types
- 185 Chemical Types
- 50 Water Types
- 26 Soda Acid Types
- 20 Foam Types

We have 85 extinguishers missing. Forty extinguishers did not pass State Inspection.

FIRE PLUGS

We have twenty-seven (27) fire plugs. We are in the process of changing four of these plugs. There are two plugs that need to be repaired. The fire plugs are flushed every sixty days. The pressure flower is also checked. The fire plugs in the middle of the campus carries 50 pounds of pressure, but on the other parts of the campus it changes from 50 pounds to about 40 pounds. The fire plugs are painted about once every year.

Equipment needed for the Fire Department

Four Bunker Coats
Three Nozzels
One Typewriter
Six Hand Lamp Batteries

Repairment needed at the Fire Station

The roof and the west middle door needs repairment to stop water from coming underneath.

All doors that lead to the fire trucks exit need repairing badly.

The air-conditioning unit needs repairing badly. The Fire Dept. also needs fifteen gallons of red paint to repaint the floor where the trucks are installed.
